

THE YOUNG RIVER

Biography:

The Dutch answer to Keith Urban & Sam Hunt;

The Young River is a Dutch New Country band consisting of lead singer and guitarist Nick Jongejan, bassplayer Timmy Steenstra Toussaint and drummer Gijs de Waal, who all met at the Rock Academy. What makes this group so unique is that they are all from different backgrounds but they all share one big love for Country music. Great inspiration for the band are artists such as Keith Urban, Dan + Shay and All Time Low.

For the past year and a half, the gentlemen have released five singles and their debut EP to introduce their music to as many people as possible. This has led to many great shows with, among other things, support acts for bands like The Overslept and Bottles Of Love and invitations from many radio stations such as 3FM, Omroep Brabant & Omroep Flevoland. The band is also nominated for 'Best New Coming Band 2018' by Biblot and Popcentrale (Dordrecht).

With a perfect combination of rock guitars, solid rhythms, polyphonic vocals, banjo and mandolin, the band creates a breath of fresh air within the Dutch music scene. Their goal is to put modern country music on the map. Currently, they are working on a second EP which will be released in 2019.
